

Team Name: LLMAO
Report Number: 9
Reporting Week: March 5th

Summary of work completed in prior week:

This week we met on Tuesday to go over what we were going to present on Thursday and to see what else needed to be done before that.

Summary of work planned for next week:

Next week is break, but we are deciding to split our team into frontend and backend so those working on backend are supposed to watch a video to understand how the Laravel framework works.

Open issues and action plan to resolve them:

No current issues

Meeting summary

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and action items discussed in the meeting.

This week we met on Tuesday at 5pm in the COSI lab to go over what we have done for the presentation and to talk about what we are going to do over break. We decided that we are starting to split our team into frontend and backend now, so those members working on backend will watch a video over break about what framework we are using. We also have a few frontend adjustments to add so we talked about those. All members attended.
